

 RESOURCE

Public-Private Partnerships and Smart Technologies for Water Sector Development

|

Description / Abstract

The report provides a summary of the proceedings and discussion points resulting from a two-day workshop in Tashkent, Republic of Uzbekistan. The workshop provided an interactive introduction to issues and challenges in implementing PPP projects and ICT (smart) systems in the water sector. Around 80 participants from 8 ministries and 14 suvakovas (provincial water utilities) attended the workshop.
