

## RESOURCE Infrastructure Financing Instruments and Incentives

## **Description / Abstract**

This report provides a structured framework for understanding the range of instruments and vehicles for infrastructure finance along with risk mitigation measures and incentives that may be used to support such financing. By providing a structured overview and description of instruments and incentives for infrastructure finance, it can serve as a starting point for further discussion and analysis of infrastructure financing and related challenges, including the development of analysis on the advantages and disadvantages of these instruments and incentives and guidance on the various options for their use.
