Third National Communication of the Republic of Uzbekistan under the United Nations Framework Convention on Climate Change (UNFCCC)

|

Description / Abstract

The Third National Communication of the Republic of Uzbekistan in accordance with the United Nations Framework Convention on Climate Change (UNFCCC) prepared by the Uzbekistan Centre for Hydrometeorological Services (Uzhydromet) at the Cabinet of Ministers of the Republic of Uzbekistan under the leadership of the National Focal Point together with key ministries and agencies, scientific and research institutions with the participation of experts from a range of industrial enterprises and non-governmental organisations presents the situation of Uzbekistan. This document submitted and approved by the United Nations Framework Convention on Climate Change is in line with Article 4.1 and Article 12.1 of the Convention. The third national communication was prepared with the assistance of the United Nations Environment Programme (UNEP) based on the Guidelines for National Communications from Non-Annex Parties to the Framework Convention on Climate Change in 2004.
